

# Digital application steps

You're just a few steps away from opening your new Offshore account. To avoid delays, here's what to expect and how to keep things moving smoothly.

Before you begin, here's exactly what you'll need to start your application:

**Valid passport** | **Proof of residential address** | **Live identity confirmation via a selfie** | **Proof of income or source of funds** | **Specimen signature**

## Stage 1 Getting started

### We'll start by confirming a few details:

- Click **'Apply Online'** to complete a quick 3-question eligibility.
- If eligible, you'll be directed to a secure portal to register and set up your login credentials.
- If you're an existing customer\*, you can use your current online banking credentials.
- Look out for an email (including in your spam folder) with your unique application link.
- The link returns you to our site, where you can **'Resume Application'** at the top right of [www.standardbank.international.com](http://www.standardbank.international.com).
- Verification is completed once you've uploaded a photo of your ID and taken a selfie. Be sure to use a clear camera lens, in portrait mode, and avoid glare or fingers covering the document.

## Stage 2 Apply, upload & sign

### What happens next:

- Take a few minutes to answer a few questions.
- Review and sign your application. If needed, a representative will contact you for a quick video call to finalise the review.
- Upload supporting documents as well as a specimen signature.

## Stage 3 Fund your account

### Once your account is open:

- You can transfer funds immediately and activate your international banking experience.
- For 24/7 access and control, get set up on Internet Banking and download our Mobile App while you wait for your Visa debit card.
